

Notification – Orchard Hills Metro Station and the Stabling and Maintenance Facility

1 December 2023

Sydney Metro is Australia's biggest public transport project.

Sydney Metro – Western Sydney Airport is the new metro railway line which will service Greater Western Sydney and the new Western Sydney International (Nancy-Bird Walton) Airport. A city-shaping project, the 23-kilometre new railway will connect the Western Sydney Aerotropolis in the south with St Marys in the north – where customers can connect to the existing Sydney Trains suburban T1 Western Line. The NSW and Australian governments have a shared objective of having Sydney Metro – Western Sydney Airport operational when the airport opens for passenger services.

Parklife Metro consortium was awarded the Stations, Systems, Trains, Operations, and Maintenance (SSTOM) contract for Sydney Metro – Western Sydney Airport in late December 2022.

Parklife Metro will deliver 12 new metro trains, six new stations between St Marys and the new Aerotropolis, rail systems and the stabling and maintenance facility to be built at Orchard Hills. Parklife Metro will operate and maintain the Western Sydney Airport line for 15 years after it becomes operational.

Work during December and January:

- Ongoing deliveries and installation of site sheds including facilities, installation of temporary water and power supply, equipment, storage shed and pedestrian barriers
- Minor civil works for the hardstand and parking areas including foundations, backfilling and levelling, line markings, fencing and site signage
- Constructing stairs and decking and awning for the compound at Orchard Hill station
- Geotechnical testing and environmental controls across the sites

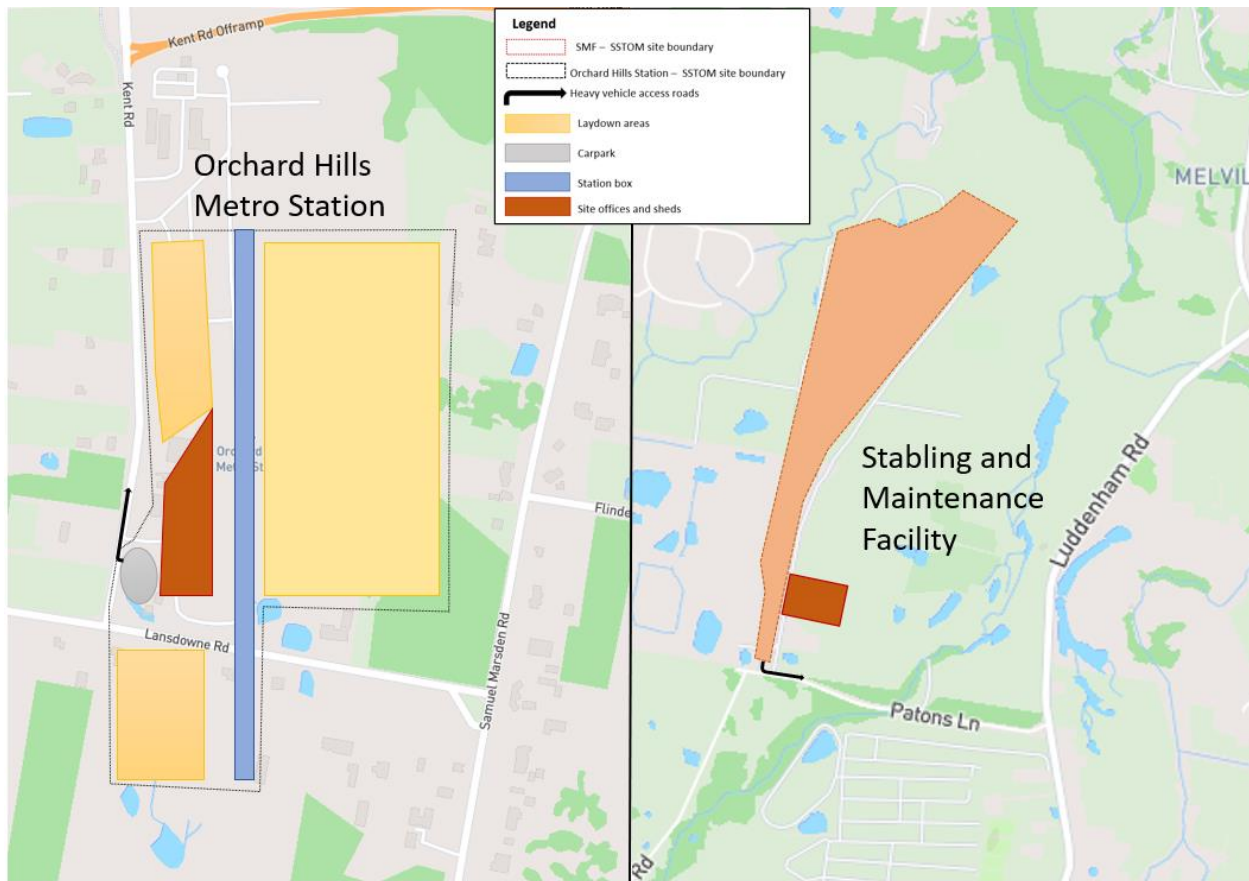

What to expect:

- Work may generate some noise, but impact is expected to be minimal
- Work will be completed during standard construction hours **Monday to Friday, 7am to 6pm** and **Saturday, 8am to 1pm**. Nearby residents and businesses will be notified in advance of any likely out-of-hours work
- An increase in small to medium vehicles entering the project alignment site via Kent Road (Gate K2) at Orchard Hills Metro Station site, and Patons Lane at the Stabling and Maintenance Facility site.
- Increased vehicle movements on surrounding roads
- Equipment used in these work activities will generate noise, vibration, and dust. Mitigation measures will be in place to minimise these impacts including noise and vibration monitoring as required in the approved CNVR, respite periods and dust suppression.

Equipment used:

Includes (but is not limited to) excavators, cranes, rollers, vacuum truck, heavy and light site vehicles, watercart, generators, survey equipment (marker pegs and pickets, flagging) and traffic management devices, concrete agitators, water carts, pneumatic drills, concrete saws, bobcats, chain saws, telehandler and hand tools.

Orchard Hills Metro Station and the Stabling and Maintenance Facility work areas

Contact us

Please contact Bella, the dedicated Place Manager from the Parklife Metro community team on **1800 717 703** or emailing sydneymetrowsa@transport.nsw.gov.au if you have any questions, or would like to provide feedback about the work, including appropriate respite periods.

We will continue to keep you updated on the progress of work in your area. If you would prefer to receive updates by email, please send a request to sydneymetrowsa@transport.nsw.gov.au and we will add you to the distribution list.

Sydney Metro has launched Sydney Metro Connect – a new way to stay informed.

You can download Sydney Metro Connect on the App Store or get it on Google Play.

We value your input regarding our communications approach and engagement.

Thank you for your cooperation while we complete this essential work.

Happy holidays

Parklife Metro project team will be closing our sites from **Thursday, 21 December 2023**, and returning to site on **Wednesday, 3 January 2024 (inclusive)**. Throughout this period will still be conducting routine security and maintenance checks.

We wish you and your family a safe and happy holiday period.
