

# Notification – St Marys

## St Marys Station footbridge

May 2024

Transport for NSW is delivering a new footbridge and northern plaza at St Marys Station as part of the Sydney Metro – Western Sydney Airport project.

### What work are we doing?

Work will occur during the scheduled Sydney Trains trackwork weekend from **1am Saturday 27 April to 1am Sunday 29 April** to set up work zones on the station platforms. During **May**, work activities will include:

- Crane set up and removal (within the work area on Harris Street)
- Adjusting construction hoarding
- Asphaltting to restore work areas.
- Removing materials from work areas
- Spoil removal (from Harris Street and Forrester Road)
- Electrical work on all platforms
- Piling work on all platforms.

### When and where we'll be working

Standard working hours are **7am to 6pm, Monday to Friday and 7am to 1pm, Saturday**. Our work and laydown areas are shown on the map on the next page.

### Weekend work in May

From **1am Saturday 18 May** until **1am Monday 20 May**, we will be working continuously during a scheduled Sydney Trains trackwork weekend. Activities during this weekend include:

- Adjusting platform hoarding
- Piling and concrete work
- Electrical work.

### What will this mean for you?

You may notice:

- An increase in workers and vehicles around our work and laydown areas, especially during our weekend work (**1am Saturday 18 May** until **1am Monday 20 May**)
- Workers on all platforms to complete piling work.
- Traffic control and signage, as required.
- Some noise and vibration from machinery and equipment.

### Managing our impacts

We aim to manage our work to avoid impacts to the community and the environment. This site compound is designed to minimise impact.

This includes:

- Installing fencing for safety and security
- Reducing our noise as much as possible.

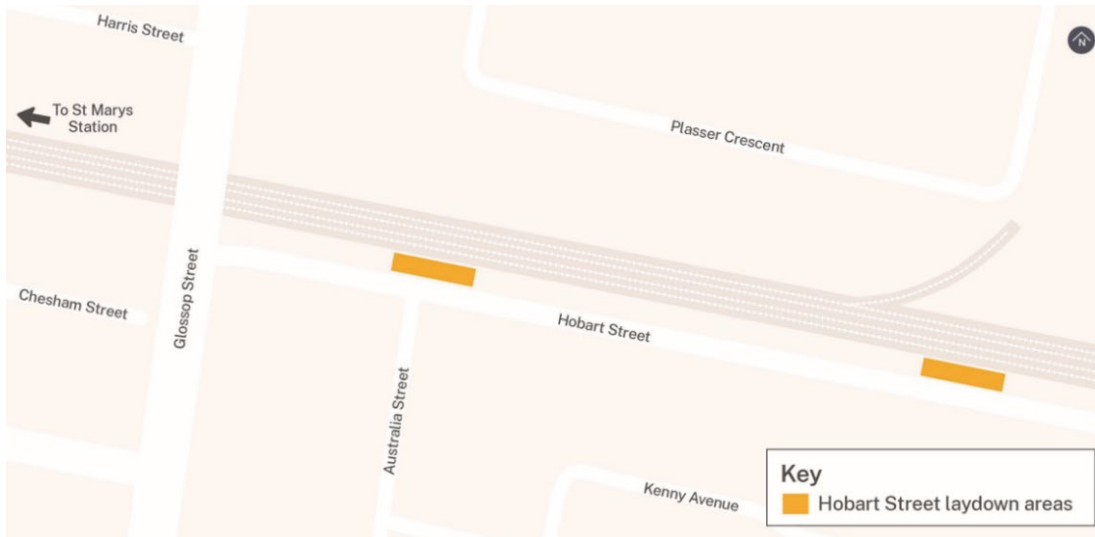

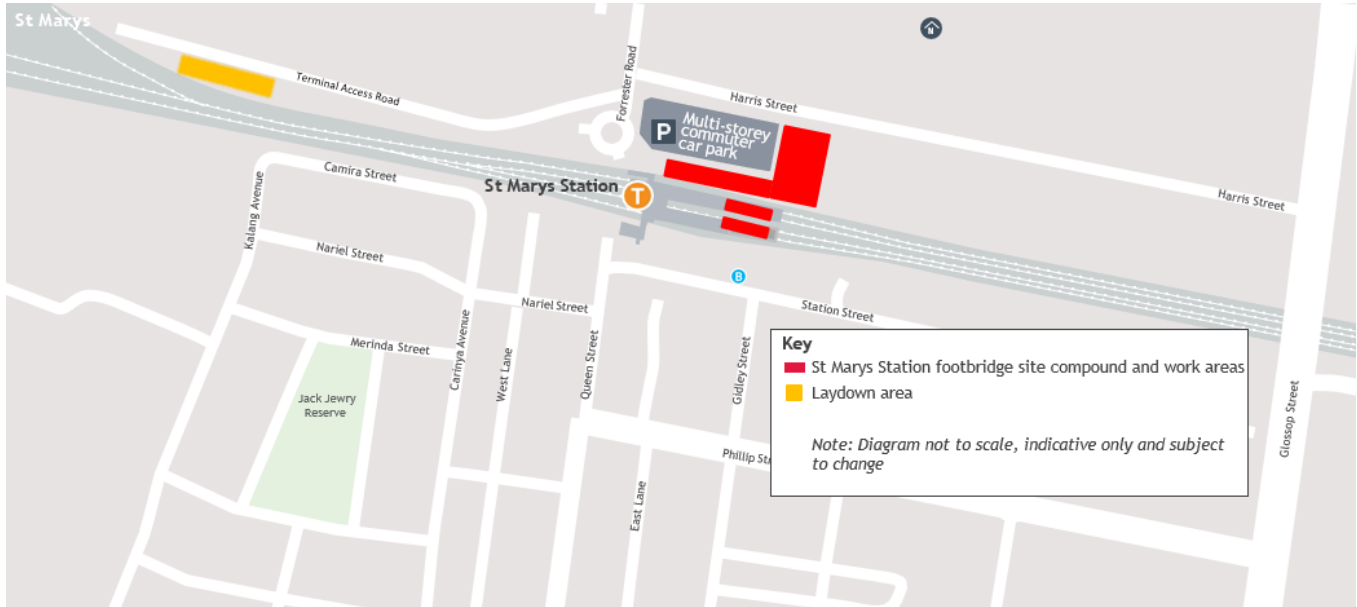

### Equipment

Equipment to be used includes piling rigs, drills, demolition saws, excavators, saw cutters, dump trucks, front end loaders, vacuum trucks, semi-trailers and rigid trucks, concrete trucks, mobile crane, light towers, power tools, survey equipment and hand tools.
